

Woodlore

Designed by nature, Crafted by hand.

Woodlore catalogue and price list

© *Stuart Dalgleish 2003*

Welcome to the Woodlore catalogue.

You will find a selection of items that will give you a general idea of what we make. There is also a price guide and contact information at the back.

All items are made by hand from local hardwoods, sourced from wind fallen trees environmental felling. In some cases the item can be traced back to the very tree it came from. The timber is seasoned at the workshop by natural methods; weather, time and a watchful eye.

There is no production line and therefore all the pieces are unique. The finish on a Woodlore product is of a high standard using only natural oils and waxes, mainly linseed oil and beeswax.

Some of the more common items we make are pictured in the catalogue; clocks, bowls, barometers, bookends, candlesticks, trinket boxes and mirror frames. However, this only reflects part of what can be done. We can also do shelving to suit, coffee tables, and Lamps.

Commissions are always welcome, so if don't see what you want but have an idea don't hesitate to contact Stuart. It doesn't cost anything to ask and discuss an idea.

We are always on the lookout for new stockists and welcome any enquiries from all types of shop or gallery.

Woodlore is located in Hawick surrounded by the natural beauty and unspoilt countryside of the Scottish Borders. So if you are in the area why not visit.

Yours appreciatively,

Stuart Dalglish.
